Placement Test

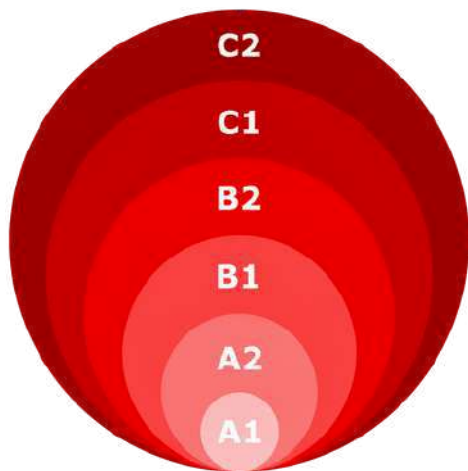

Before arriving at IELTS, we will send you an online placement test to assess your level. Students on our adult courses will also be interviewed online to help us allocate you to the right class and level according to your English language abilities.

Class Levels

Our levels are linked to the **Common European Framework for Languages (have changed)**. The CEFR was put together by the Council of Europe and is used all over the world as the standard for grading individuals' language proficiency.

Students are thoroughly tested before arrival so their levels can be established and they can be placed in the right classes. Completing one level usually takes about 8-12 weeks but with students' effort, involvement and motivation this can also be achieved in a shorter period of time.

A1 – You can understand and use basic everyday expressions, introduce yourself, ask and answer simple questions, and communicate in familiar situations when others speak slowly and clearly.

A2 – You can understand and use everyday expressions related to familiar topics, communicate in simple routine situations, and describe your experiences, surroundings and immediate needs.

B1 – You can understand the main points of clear, everyday English, communicate in most situations, and produce simple connected text on familiar topics.

B1+ – You can understand the main ideas of more detailed spoken and written English, communicate with increasing confidence and fluency in a range of everyday situations, and express and justify your opinions on familiar topics.

B2 – You can understand the main ideas of more complex texts, communicate fluently and spontaneously, and interact confidently with native speakers in a wide range of situations.

C1 – You can express yourself fluently and spontaneously without much obvious searching for expressions. You can use language flexibly and effectively for social, academic and professional purposes.
