

Rowland Heights, California | Founded in 1980

ABOUT

Since its founding in 1980, Oxford School has provided students from Southern California and all over the world with a superior educational experience. Our goal has always been preparing our students for success in college. We are accredited by the Western Association of Schools and Colleges, which certifies that our institution meets established criteria and our own stated goals. The classes we offer are accredited by the University of California's A-G Course List.

Our students range from grades 7 to 12 with a teacher ratio of 1:15. This allows maximum interaction between teacher and student. We believe that the primary function of a campus is to provide a stimulating environment for learning. Our campus is located in a gated compound in Rowland Heights, one of Southern California's safest communities. It is designed to encourage a sense of security that allows the students to grow, explore, and reach their highest potential.
