

San Marino, California | Founded in 1924

ABOUT

Southwestern Academy is a nonprofit, coeducational college preparatory school for grades 6-12, with two campuses—one in San Marino, California, and the other in Rimrock, Arizona, USA. The school is accredited by WASC (Western Association of Schools and Colleges). The school offers boarding and day enrollment for 145 students for grades 6-12 in San Marino and 40 students for grades 9-12 at the Rimrock campus. A year of postgraduate studies is offered at both campuses. Students can transfer between the two campuses.

LOCATION

The San Marino Campus occupies 8 acres (32,000 m²) in a residential community adjoining Pasadena and is ten miles (16 km) from downtown Los Angeles. The Beaver Creek Campus covers 180 acres (0.73 km²), twelve miles (19 km) southeast of Sedona and 40 miles (64 km) south of Flagstaff, Arizona. Students at both campuses follow the same college-preparatory curriculum and take advantage of their surrounding attractions for both studies and free-time activities.

CURRICULUM

High school classes (grades 9-12) are arranged according to each student's background. Most classes are offered each year; a few only on alternate terms. Other classes can be developed when needed. All course work meets University of California entrance requirements.

Each student is assigned a faculty member as an advisor. This teacher helps students plan their schedules, maintains a record of progress towards graduation requirements, and generally oversees the academic performance of his/her students through frequent meetings.
