RUSSIA

I was studying at Lloyds last summer and it was really interesting, fun and useful.

I was deeply impressed by the atmosphere of friendliness and I met a lot of very nice people.

I improved my English and therefore I consider Lloyds International College to be a great place to study.

Luca

ITALY

Without the academic IELTS preparation course, I would have been lost in my first semester at UTS.

The class is 100% focused on the exam and that also helped me to improve my writing and reading skills.

The teachers are friendly and available to help you even after class.

I recommend this great school to my friends.
